Subject: FW: City of Tamarac-Commissioner Marlon Bolton

Good Morning,

At the last commissioner meeting VM Bolton persuaded two other Commissioners to buy the HOA of Shaker Village, which he owns in. The city will be on the hook for the 2 million purchase price and another 10 million + to rebuild and dedicate rooms for this village.

Please read the letters for more info, I ask you sign them and email to Senator Pizzo and Chairman Caruso, our tax dollars should not be doing this and share with your resident please.
